

TECHNICAL CHARACTERISTICS	ELEGANT INFINITY
Frame installation depth	76mm and 84mm
Sash installation depth	80mm
Sash type offset	Recessed
Frame rebate height	25mm
Frame rebate thickness	9mm
Sash rebate height	23mm
Sash rebate thickness	9mm
Possible glass thickness in the frame	2 1/8" (55mm)
Possible glass thickness in the sashes	2 3/8" (59mm)
Sealing system	Double rebate sealing + central sealing

* Value obtained by the Hot Box method, with steel reinforcement in the frame
 ** Calculation in accordance with ISO 10077-2

Elegant Infinity

THE ULTIMATE WINDOW CONCEPT

deceuninckna.com

With our Solex™ laminate solutions, Deceuninck offers faux wood laminates and a large selection of solid color options. Combine interior color preference with heat-reflective exterior laminate for curb appeal and unrivaled quality, color retention, and weather resistance.

Available with Innergy® Rigid Thermal Reinforcements, the next generation of reinforcements designed to slide easily into window chambers for great support and thermal performance.

Innergy Rigid Thermal Reinforcements are advanced fiber glass reinforced resin inserts with all the strength and structural reinforcement of aluminum, but with a whole new set of high-performance benefits.

SIMPLY ELEGANT, FROM EVERY ANGLE

Narrow sightlines and a sleek modern aesthetic are hallmarks of Elegant Infinity. Combined with triple seals – inside, outside, and a new central seal – Elegant Infinity’s wind, water, thermal, and acoustic performance is as impressive as its curb appeal.

Steel-reinforced frame and sash permit a minimalistic geometry. Plus, the window is offered with optional Innergy® Rigid Thermal Reinforcements for enhanced strength.

Elegant Infinity is available in Traffic White and our full range of standard laminate colors.

INFINITY

- Central seal system with additional seal locations
- Full perimeter locking
- Optimal acoustic performance
- Optimal thermal insulation value
- Available with Innergy Rigid Thermal Reinforcements
- Neutral frame design that matches with all Elegant sashes
- Best match of material composition versus performance

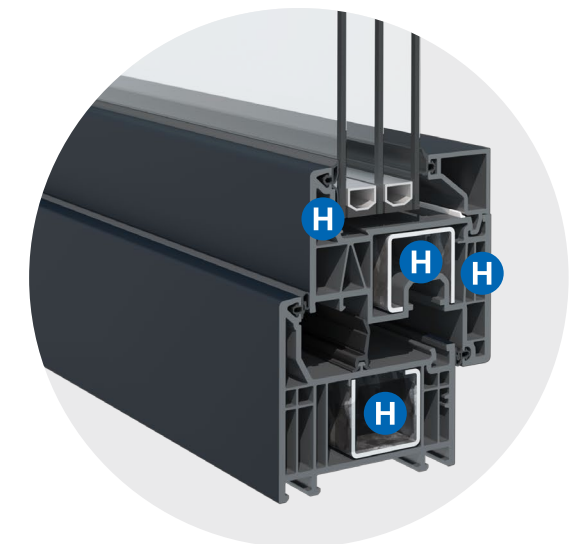

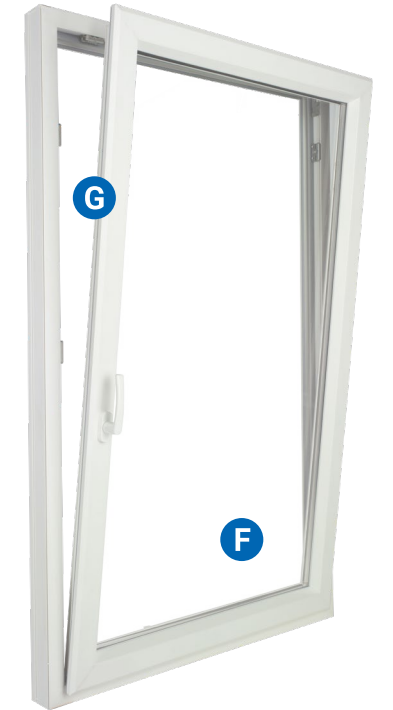

STANDARD SOLID COLOR

STANDARD LAMINATE COLORS

Consult your Deceuninck sales representative for details on colors included in the stocked color and laminate offering and related lead times. Lead times for colors may vary based on the color selected.
